

Plany do buducnosti

It is not difficult for me to say what I like to do in my future. This job must gain one's living and very interesting. At first I'd like to work in a bank. I specialy work in a stock-credit. I have an senenth meaning for the stocks. The banks and economy are my hobbies and I every day follow the happening in this job. At second I'd like to work as a politician. I would like to do as a minister or prime-minister, but for begin I can start as a chairman of a party. In Slovakia there is good politician very important now and I hope when I will candidate you will vote me. At third I'd like to work as PC specialist. I usually need computer for works and I have very good computer skills. I suppose the work in a stock-exchange because it is very interesting job for me too and it has many advantage whitch I want have. One of many is unlimited access for information and money. I must know many of languagges for the jobs but the most important language is English. Very important languages for this jobs are German, French and Russian too. I prefer big cities. For me and my ideal jobs are the best the capital cities or larger cities in the world. For Slovakia it's Bratislava. My birth city, whitch is regional centre, is a good start for my career but in my future I'll leave this town and the republic. I want to work in the mamy towns e.g. Paris, New York, London, Frankfurt or Tokio. All this cities are very important stock exchange centres. I have a one ideal job: professional millionaire. I must not work, I have all what is important for my life, e.g. three cars and two houses and I can do what ever I want. I would like to make enough money to provide myself and my family. Sometimes, I have felt I'm greediness because I want to have so many things such as a big house, a nice car, and many others. I would like to earn about half a million Euro. Family value is important as a career. I want to have a great family with a great love. Most families build up their relationship with their love, and I never see this great relationship in any other social group. People are nurtured by their family, and get strong emotional supports...
